## ***Runtronic Ignition Systems***

### Supplementary information from the buyer

(Please print this page, fill out and send to us with your order)

Our goal is to help our customers to achieve the best performance possible from their engines. In order to do that, we would like you to fill out this form for us before/while you order a system from us. It will save time and trouble later.

Name: .....

Type of engine (two-stroke or four-stroke): .....

Number of cylinders and arrangement: .....

Engine displacement: .....

Type of vehicle for engine: ..... .....

Intended use for engine (race, street, etc.): .....

Will you use a separate battery, or the alternator on the engine for  
current supply to the ignition system? .....

If you intend to use an alternator on the engine, what is the working voltage?:

.....

**Thank you very much!**
